

Dear Authors!

The first stage of the full papers review process is now finished. The Scientific Committee of IPhDW 2015 made a preliminary selection of papers for journals: *Compel*, *Archives of Electrical Engineering* and *IAPGOŚ*.

The following authors are kindly suggested to send their articles to **Compel** journal:

- **Piotr GRACA, Bronisław TOMCZUK**, *Active Axial Magnetic Bearing Prototype Field Calculation*
- **Eliška VLACHOVÁ HUTOVÁ, Petr MARCOŇ, Karel BARTUŠEK**, *Effect of high voltage on the development of the plant tissue*
- **Piotr GAS**, *The Optimal Microwave Hyperthermia Treatment Based on the Operating Characteristics of the Multi-Slot Coaxial Antenna*
- **Ayoub SAOUD, Volodymyr MOSOROV, Krzysztof GRUDZIEN**, *Flow swirl measurement using Electrical capacitance tomography*

The following authors are kindly suggested to send their articles to **Archives of Electrical Engineering** journal:

- **Hela GARBAA, Lidia JACKOWSKA-STRUMIŁŁO, Krzysztof GRUDZIEN, Andrzej ROMANOWSKI**, *Application of Electrical Capacitance Tomography and Artificial Neural Network to rapid estimation of cylindrical shape parameters of industrial flow structure*
- **Vladimir CHUDACIK, Milan SMETANA**, *Tilt – Shift Eddy Current Probe Impact on Information Value of Response Signal*
- **Tamas PETO**, *Multichannel Passive Radar Receiver Platform*
- **Adam Ryszard ŻYWICA**, *Magnetoacoustic Tomography with Magnetic Induction for Biological tissue Imaging: Numerical Modelling and simulations*

All articles should be formatted in accordance with the guidelines of the journals and sent via the journal website

Your papers will be subjected to the normal process of review. The journals have been informed that these articles are recommended for publication by the Scientific Committee of IPhDW 2015.

All the papers not mentioned above have been already sent to reviewers of *IAPGOŚ* journal. We are currently awaiting their decision.
